1.0. PURPOSE	4
2.0. POLICY STATEMENTS	4

1.0. Purpose

Ooredoo Group's Environmental Sustainability Policy formalises our commitment to supporting the principles of environmental sustainability and recognises that a sustainable environment is central to our lives and our work.

The aim of our Environmental Sustainability Policy is to:

- implement environmental actions within the company
- monitor the environmental actions and improvements of eco-efficiency internally
- communicate environmental initiatives internally and externally

This Policy establishes the principles which guide the Company on a global and local level to support and improve its environmental performance.

2.0. Policy Statements

In Ooredoo Group we respect our relationship with the natural environment and its ecosystems. We acknowledge the adverse impacts that human activity can impose and take actions to prevent degradation of those natural systems.

Ooredoo Group commits to the following principles and practices:

implementing **environmental management systems** that prevent and minimize the impact of business activities and infrastructures on the environment.

- Monitoring and managing our environmental performance and working towards targets set to reduce adverse impacts.
- Complying with relevant International and Local environmental laws, practices, regulations, and industry-specific legislation.
- Reducing the consumption of natural resources in daily operations (paper, energy etc)
- Committing to the principles of preventing pollution to the environment and continuous environmental improvement in our business, products and services, through the systematic evaluation of environmental performance to define and attain ambitious goals at both global and local level.
